

Appreciations all around

First of all, a big thanks to everyone who has shown an interest in Real Ear both online and at EUHA. We value the warm welcome and hope we can reciprocate the gesture, when you are ready to start life as a Real Ear customer.

Real Ear conquers EUHA

At the EUHA conference on 21-23 October, we got such amazing feedback that we just had to share it with you. At our stand, we were swept away by the amount of interest shown in the Primus Fitting System and especially the rental concept. Many agreed that the advantages of renting your fitting equipment far succeeded those of buying your equipment. Furthermore, the Primus software was a big hit and one visitor even stated: *"This software is the best software in the business"*. How's that for a recommendation? The small sizes of the hardware units were also very much appreciated as that makes the system perfect for smaller offices or for taking it with you on the road. All in all, the Primus Fitting System was praised as the new and innovative fitting system everyone has been waiting for.

Intro offer

We look forward to doing business with you and if you are interested in starting out soon, we have an intro offer for anyone renting their Primus Fitting System before February 2010.

Learn [more](#).

Competition winner

During the EUHA conference, anyone visiting our stand or our website had the chance of joining a competition to win a weekend at a spa hotel worth €1000. We have made the draw for the winner, who was notified directly.

And the winner is...

Gesine Teubner, Weitblick Optik & Akustik

Congratulations! We hope Mrs. Teubner will enjoy her stay.

Questions?

For more information about Real Ear and the Primus Fitting System, go to our [website](#), where you can also download a [demo version](#) of the software. Or contact [me](#) directly, if you have any questions or require more information.
